Golf P’Rose

I will be looking to plan a play away day in the next couple of months. Once a course and a date our established I will have a sign up sheet in the golf shop.

If you have a junior golfer interested in golf, please inquire in the golf shop for info regarding the summer golf camp schedule.

Tip of the Month

Well it seems like it might never rain we are experiencing a very dry time. With that the temperatures will also begin to rise. A key to good golf is to be able to focus for 9 or 18 holes respectively. Hydration plays a big part in that. So my advice is to drink more fluids the day before you play and of course during your round. By doing this it should maintain your energy level for longer durations than had you not. Good Luck and Happy Golfing!!!!
